

We are pleased to award a number of Scholarships of up to 100% of the tuition fees for the Diploma Programme at Amity International School.

All candidates applying for scholarships must include a handwritten cover letter explaining why they should be considered for a scholarship.

Entry requirements

To be considered for a Scholarship award a student must be able to demonstrate:

- Outstanding prior and predicted academic achievement
- A genuine enthusiasm for and commitment to their chosen future fields of study

The evidence to demonstrate the above qualities will be gathered through:

- A personal statement
- A reference from the student's current school or college
- Provision of information concerning achieved and/or predicted academic performance
- Cognitive ability tests (CAT 4)
- Digital interview

Academic Scholarships are awarded purely based on academic achievement and potential, so if the information provided as detailed above and a student's performance in the cognitive tests are strong, there will be a follow-up digital interview and hopefully a scholarship would then be offered.

Scholarships are divided into two categories:

- **Principal's Scholarship**, which equates to a 50% discount on fees
- **The Founder's Scholarship**, which equates to 100% scholarship

All awards are reviewed annually, and a review meeting will be held with the Principal to review the status for the second year of the programme.

Securing a Scholarship

To secure a Scholarship offer the person paying the student's school fees must accept the Scholarship offer and pay the requisite registration fee and deposit within two weeks of the offer being made.

Expectations during Scholarship

To sustain a Scholarship award in their final year at the school, all scholars will be expected to:

- Achieve target grades as set for the end of the first year within the Diploma Programme
- Sustain a minimum attendance rate of 95%
- Support the School as an Ambassador during School events
- Exhibit exemplary behaviour on and offline for the duration of their studies
